

HOUNDQUARTER'S, INC

MODULAR DOG KENNEL BUILDINGS

For a fraction of the cost of building a new kennel, a renovation can change the morale of the staff and increase the well-being of the animals. In addition, it will set your facility apart from others and bring in more clientele.

We specialize in floor plan remodeling, full building renovations, or replacing old chain link to updated anodized aluminum fronts and partition divider panels to Luxury Suites. A renovation can typically be done in 60 days.

Renovation Project (July 2008) Calvert County Humane Society – Sunderland, MD
